Description

Hudson Street Park is located along the Springbrook Trail and in close proximity to three ball fields and the Antigo Lake RV Campground. A floating fishing pier, benches, playground equipment, landscaping and the Hudson Street Bridge create a postcard look and scenic park backdrop.

History

Hudson Street Park was given a new look in 2009 As Merit Gear expanded and the park shelter was shifted to the south. New restrooms were installed and the shelter section of the facility was saved and added to the restrooms. In 2009 a retention basin was added and ornamental grasses were planted along the perimeter of the basin creating a picturesque park landscape. In 2010 the Springbrook Trail was completed including an overlook near the 4th Avenue dam.

Recent Upgrades (within the past five years)

- New Restroom Facilities and updated electrical (2009).
- Auto on/off faucets were installed winter 2010.
- Auto on/off light sensors for restrooms and maintenance room were installed winter 2010.
- Auto open/close locks were installed on the restroom doors summer of 2010.
- Facility signage was installed 2011
